

The Princeton Review

"In the top 10 percent of all U.S. colleges."

Sierra

The Sierra Club has named Warren Wilson as one of its

"Coolest Schools" each of the three years the magazine has cited a small number of "planet-preserving colleges and universities."

The Boston Sunday Globe NC College Reaches Out to Searchers

"For all its apparent emphasis on its mountain region...students participate in a trip abroad at the end of their junior year. There is also a special pre-Peace Corps program of study. ... But the one thing that sets Warren Wilson College apart from the small colleges it might seem to resemble is the 15-hours-a-week of work required of all students—work which does not mean the usual run of campus jobs. ...A day spent wandering around the campus and talking to student workers reveals a sense of pride in something more tangible than an academic accomplishment."

Southern Living Lessons From the Land

"One of the best small colleges in the country, this institution blends hard work and community service into education."

The New York Times

Student Workers Learn a Respect for Age-Old Trades

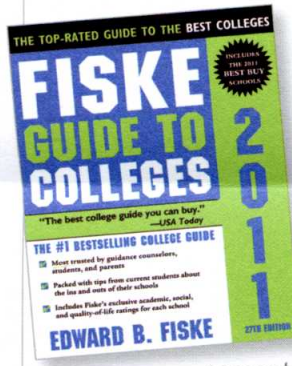

"The annual tuition, room and board at Warren Wilson (after student salaries) costs half as much as at some other private colleges. Warren Wilson, with a modest endowment of over \$40 million, saves as well, because everyone is paid the same: minimum wage. ...When Kari Christian, 19, a freshman from the Upper West Side of Manhattan who collects garbage on campus, returned home for Christmas break, she said she looked for the sanitation workers on her block to give them cookies. 'I tell my friends at home I'm a garbage man, and they just sort of laugh,' Ms. Christian said."

Making a Difference College Guide

"A school where students get a

USA Today At This School, Work Is Par for the Course

The college has "a philosophy that the experience of work can add up to more than a line on the resume or a way to pay for college. That also is reflected in Warren Wilson's 35-year-old requirement that students perform community service, the third piece of a 'triad' design blending academics, work and service. ...Students have a hand in pretty much everything, whether baking bread, cleaning carpets or fixing computers."

The Fiske Guide to Colleges 2011

The Fiske Guide rated Warren Wilson academics as above average among the institutions included "in a guide devoted to the top 10

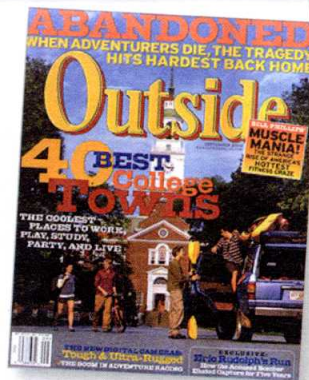

percent of colleges and universities in the nation." The guide also rated the College as "inexpensive" compared with other private schools.

2010 Kaplan Newsweek College Guide

Featured as one of the guide's "25 Colleges That Might Be Right for You," the best choice for "Environmentalists Who Need to Get Their Hands Dirty." According to the guide, "... the Warren Wilson Triad of work, academics and service produces first-class scholars." The guide also notes that "every student works, in a way most American undergraduates are not accustomed to."

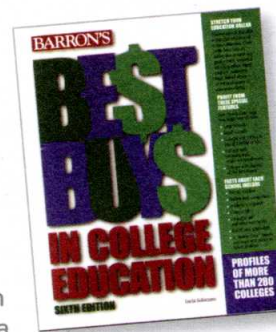

Outside Magazine

Ranked #4 on the honor roll of Top 40 Schools "that turn out smart grads with topnotch academic credentials, a healthy environmental ethos, and an A+ sense of adventure. ...Warren Wilson is one of the most earth-friendly colleges on the planet."

Mother Jones Magazine

Selected as one of "10 cool schools that will blow your mind, not your budget."

Barron's Best Buys in College Education

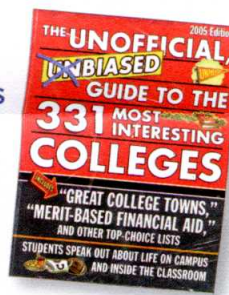

"Warren Wilson provides an atmosphere that inspires individuals to try things they never did before and supports them during the process."

U.S. News & World Report: America's Best Colleges

Identified as one of the guide's "A-Plus Schools for B Students... first-rate colleges that aren't as selective as the top dogs."

The Unofficial, Unbiased Guide to the 31 Most Interesting Colleges

"In spite of the small size, Warren Wilson has an attractive mix of education, work, and community service, all on a beautiful campus."

National Wildlife Federation

"One of only 24 U.S. schools with students, staff, and communities working for a sustainable future and named a leadership school in the NWF's National Report Card on Environmental Performance and Sustainability in Higher Education."

Blue Ridge Outdoors

Selected Warren Wilson as the Southeast's "Greenest College," one of the magazine's "Green Globe" awards. The magazine writes of the college: "Warren Wilson is more than a liberal arts college, it's a 300-acre working farm and 700-acre forest that operates as a laboratory for sustainable practices. The college uses environmental sustainability to inform every aspect of campus life, from composting the cafeteria scraps to using biodiesel car fleets. The farm is antibiotic free, nurturing grass-fed pork and beef, and it also boasts an organic garden that supplies the campus cafeteria... It's nice to see a school practice what it preaches, but [Warren Wilson's] most earth-friendly program is its education model of hands-on learning, which drives home
