

STUDENT RELEASE FORM
WARREN WILSON COLLEGE TEACHER EDUCATION PROGRAM

Dear Parent/Guardian:

As part of my student teaching assignment, I need to document my work with your child's classroom, demonstrating my teaching knowledge and skills.

Part of completing my student teaching assignment may include photographing and videotaping student and classroom activities in order to document my work.

Any photographs or videos of my work with your child will be reviewed first by

my cooperating teacher, _____ and/or

my Warren Wilson College supervisor _____.

Then, with your permission, the photos or video would become a part of my teaching demonstration, which could be presented to other public school teachers and administrators, as well as other college faculty and students.

Please indicate below if it is NOT permissible to include your child on videotape or in photographs for this purpose. Please call me if you have questions or concerns regarding this documentation of my work in the classroom.

Thank you for your cooperation and help as I enter the teaching profession.

Sincerely,

PLEASE RETURN THIS FORM IF PERMISSION IS **NOT** GRANTED

_____ No, you do not have my permission for using my child's image in pictures or videotapes related to your student teaching experience.
