

New Residential Recycling Bins Guidelines!

Containers Bin

- Glass bottles/jars (all colors)
- Plastic bottles/containers (#1-#7, except #6)
- Aluminum cans
- Steel cans
- Pie tins

Paper Bin

- Office paper (computer paper, notebook paper....)
- Mixed paper (envelopes, newspapers, magazines, paper board boxes....)

The bins are designed to fit on top of each other. On your trash pick up day, put any cardboard under the paper bin. Then put any miscellaneous recyclables in a grocery bag, which then goes in the paper bin. Finally, top it all off with the containers bin!

If your recyclables can't fit into the bins provided, bag the extra recycling.

The bins are the property of WWC Recycling Crew.
