DISSERTATION

Title: The Political Economy of Smallholder Incorporation and Land Acquisition

Committee: James K. Boyce (Co-Chair), Ceren Soylu (Co-Chair), Mwangi Wa Githinji (Member), Richard Chu (History, Outside Member).

Abstract: As of 2010, agribusiness investors have acquired over 32 million hectares of farmland in the global south for the cultivation of biofuel and export crops. As these land acquisitions continue, two trends stand out- Investors are targeting countries whose institutions have little regard for local land rights, and smallholder communities voluntarily enter contracts where they lose access to their holdings, and earn little from the investment deals. My dissertation examines the decision processes of investors and smallholders underlying these two trends. I use data from fieldwork among banana cultivators in the Philippines to show how poverty, lack of political power, and informational constraints compel smallholders to give up rights to land, and hence, the ability to bargain for better remuneration in the future. I then formalize this outcome using a principal-agent game where a contract is defined by a degree of control over land departing from discrete ownership structures often used in models of ownership structure. Finally, I use a contest game to show that when agribusiness investors choose countries with little regard for local land rights, then, the value added of their investment is small.

PROFESSIONAL APPOINTMENTS

Warren Wilson College Professor of Economics	2017-Present
Mount Holyoke College, South Hadley, MA Visiting Lecturer	2016-2017

FELLOWSHIPS AND AWARDS

John Kenneth Galbraith Prize

December, 2015

Department of Economics University of Massachusetts Amherst, MA

Award in recognition of dissertations that use economic reasoning to understand social phenomena that relate to the public interest in the spirit of John Kenneth Galbraith.

Political Economy Research Institute Dissertation Fellowship

September, 2015

Political Economy Research Institute Amherst, MA

Dissertation Research and Travel Grant

October, 2014

Department of Economics University of Massachusetts Amherst, MA

Mulcahy Award

July, 2004

Loyola University Chicago Chicago, IL

In recognition of outstanding undergraduate collaboration with faculty.
