# Student Engagement & Housing Guide

# Welcome to Warren Wilson College!

Dear Incoming Student,

Congratulations on your admission to Warren Wilson College (WWC)! As you read this summer booklet, know that all of us — faculty, staff, and current students — are eagerly anticipating your arrival this fall.

This booklet contains essential information to help you prepare for your journey at Warren Wilson. It will guide you through moving in, highlight activities, and help you learn more about campus. It includes important dates, orientation details, forms that you need to complete, and resources to help ensure a smooth transition. To further assist you, we will include any updates or new information on the New Student webpage: [warren-wilson.edu/new-students](http://warren-wilson.edu/new-students), so make sure to check it, especially as we get closer to move-in day. The information in this booklet will be helpful for your family members too, so please share freely with each other.

We are so excited to welcome you to campus! At WWC, you'll live out our progressive promise for all. What does this mean? It means that you will be part of a vibrant community dedicated to learning-by-doing, where knowledge extends beyond textbooks and lectures. It means you will collaborate with professors on meaningful projects and connect classroom concepts to real-world challenges. It means you will roll up your sleeves in our Work Program where, among other things, you will develop your career preparation and professional identity. It means that we will encourage and support your journey toward living a meaningful and purposeful life.

At WWC, you are welcome. You belong here. You are part of a community that values high integrity, inclusive excellence, and community engagement. We value learning from one another and from the experiences we have along the way. This means that from day one at WWC, we encourage you to get involved. Join a club, volunteer in a non-profit, attend an event you've never attended before... there are so many possibilities. And as you get involved, if you see ways that we could improve as a community, speak up and make change — help us to get better! Your perspective matters.

Once again, welcome to WWC! Consider this your first step in an experience that has the potential to transform your life in ways that you can only imagine right now! We are excited to see all the ways you will be involved — and to witness the difference you will make at WWC and beyond.

If you have any questions about anything in this booklet, please contact us at [orientation@warren-wilson.edu](mailto:orientation@warren-wilson.edu) or 828-771-3800.

The countdown to your arrival has begun, and we look forward to seeing you on campus this August!

Cordially,

Gilbert Hinga  
Vice President, Student Engagement

WorldWide House is an intentional space for any student interested in internationalism to make connections through shared experiences and interests. The community will engage in intentional community building guided by residents and supported by the Global Engagement Office and in partnership with other campus offices. Worldwide House is broken into suites, but does not follow the suite application process, and will give preference to international students and students with extended international experiences.

## EcoDorm

The EcoDorm LLC provides a sustainability-focused living space, aligning with Warren Wilson College's commitment to environmental stewardship.
